

Do you hope that ANOTHER WORLD IS POSSIBLE?

We live on a broken planet: pollution, injustice, violence, hunger and hate are not only typical, they are pervasive. *Another World is Possible* believes that, together, we can change the world. We can make a difference.

ANOTHER WORLD IS POSSIBLE is a week-long series of events aimed at making positive change and raising awareness of some of the most pressing issues in our world.

Serve God, save the planet is a presentation by author J. Matthew Sleeth on protecting and fighting for our planet. *The WAR* is a high-energy band that will be performing on behalf of the International Justice Mission, an advocacy group for enslaved and abused people all over the world. *Invisible Children* will present the need for our help among displaced children in Uganda. The *545 TOUR* features five up and coming Tooth and Nail bands and showcases local non-profits where you can get involved in your community. *Empty Bowls* is an open house featuring local potters and musicians; you can buy a bowl or a ticket to the Empty Bowls luncheon to help local food banks and charitable groups. The week will culminate with *oneNIGHT*, a time when we can all come together, for a change, to worship and pray for our world.

As Christians, we believe that it is important to fight for the environment and against injustice in our world. This is the reason we are sponsoring *Another World is Possible*. But we are convinced that the root cause of the pollution, poverty and hate that dominate our world is really spiritual in nature. We believe that the world is broken, because our relationship with God has been broken. And the the key to healing our world is to somehow make that relationship right.

If you would like to know more about how you can be a part of *Another World is Possible* please contact us at the email addresses below. Additional information and promotional materials [videos, posters, fliers, web graphics, etc] are available for download at possibleworld.org. Thanks so much for your interest. We look forward to hearing from you or seeing you at an AWIP event.
