20/20 Vision

I bumped into a friend the other day. He was leaving the eye doctor. The conversation went as you might expect, exchanging pleasantries, catching up . . . quickly. It's cold in the parking lot. But the way he answered one of my questions caused me to pause. I asked if he had to have his prescription changed. He's approaching 60. "Yes." Not the surprising part of his answer. "Actually," he continued, "the doctor had to reduce my prescription, my eyes are getting better." Better vision? What a novel idea.

The series we are about to embark on is one we have done for many years. It's a time where we dream together. . . where we bring into focus the kind of church we feel God wants us to be. With greater clarity comes greater opportunity to be changed together, unite together, to work together. 20/20 Vision is what we are calling it. Improved eyesight is our aim.

Thanks for joining us this weekend. If you have any questions, or need assistance, someone is waiting to help you at guestCENTRAL in the lobby. You can also find out more about the church online at chestnutridgechurch.com
