TIM HARING
20/20 VISION

Authority. It's a dirty word.

We don't like the idea of having to look to anyone or anything for answers or direction. We cringe at the thought of having to trust someone or something for the "final say." But what if there were someone, something, so trustworthy that we could always look to that person or that thing as the ultimate authority?

Today, we'll be taking a look at the Bible through that lens. We struggle with all kinds of doubts about this book:

It's made up.
It's written by men.
It's just a bunch of stories.
It's out of date. How can it help us now?
It's narrow-minded.
It's not politically correct.

Tim will be talking about why we can trust the Bible and how it intersects with our daily lives.

Thanks for joining us this weekend. If you are new here, welcome! We've thought a lot about your visit. Grab a cup of coffee, sit back and relax. If you have any questions, or need assistance, someone is waiting to help you at guestCENTRAL in the lobby.
